

August 2001

New Coordinator for Laboratory Visitors Center

The Public Affairs Office is pleased to welcome **Linda Lucchetti** as our new Visitors Center Coordinator. Linda has been with the Laboratory since 1987, most recently as a training specialist in the Environmental Protection Department. We look forward to her joining us the week of August 13.

Two New Managers at the Laboratory

Bruce Goodwin was named Associate Director for Defense and Nuclear Technologies. One of Dr. Goodwin's key responsibilities will be management of the National Nuclear Security Administration's stockpile stewardship program.

Also named was **Merna Hurd** as Associate Deputy Director for Strategic Operations. Formerly a senior advisor to the Department of Energy, Ms. Hurd will assist Deputy Director for Strategic Operations Michael Anastasio with Laboratory external relations and internal operations issues. For more information on both individuals, see "Recent Headlines" below.

Diversity Day on the Green Returns

The third annual **Diversity Day on the Green** will take place at the Laboratory pool/picnic area on Thursday, August 9. Festivities will run from 11:30 a.m. to 1:30 p.m. The public is invited to attend. For more information, see "Recent Headlines" below.

Laboratory Visitors Center and Tours

The Visitors Center will feature a newly expanded exhibit on the **Laboratory's namesake, E.O. Lawrence**, beginning August 9 in commemoration of the 100th anniversary of his birth.

Please stop by our **Visitors Center** to learn more about the Laboratory's mission and programs. The Visitors Center is located on Greenville Road at the Eastgate entrance to the Laboratory. It is open Monday-Friday, 1-4 p.m. For more information about the Visitors Center or tours, please call (925) 422-4599.
